# Our story

---

## **H I S T O R Y**

Originally an old specialist grain store, servicing local prized race horses and show cattle, the building has had a number of transformations since. When hearing the history of the building, we instantly felt connected and wanted to pay homage to its origins, cementing our ideas and vision for the space which led to the restoration of this beautiful building, Wildgrain.

## **O U R V I S I O N**

With a love and thirst for all things we consume, we want you to feel a space of positive energy as soon as you walk in. The heart of what we strive for is an incomparable sense of genuine hospitality, where we live and breathe by what the seasons bring us.

## **H E A D C H E F - L E O H O W A R D**

Leo's culinary career began as a young and eager kitchen hand, working his way up and through some of the toughest and most challenging kitchens in the U.K. In more recent years, he has become passionate about Australian food culture and his menu's weave in and out of classic and contemporary dishes with ease, each with their own Wildgrain twist. It reflects his need to continually evolve, modernise and keep his menu fresh and reflective of the produce that's at hand. Leo is a true culinary professional and all round good human.

We truly hope you enjoy your Wildgrain experience.
